Index

Volume 15, Numbers 1–6, February–December 1987

Aboush Y. E. Y. and Jenkins C. B. G.: The effect of poly(acrylic acid) cleanser on the adhesion of a glass polyalkenoate cement to enamel and dentine, 147
Accelerometers, practical gnathosonics using, 181
Accommodation, investigation, of the tongue to a dental appliance using electropalatography, 249
Acrylic *Candida albicans* adherence of, the effect of adherent oral streptococci on, 73
Addy M., Mostafa P. and Newcombe R. G.: Dentine hypersensitivity: the distribution of recession, sensitivity and plaque, 242
Addy M.: *see* Dummer P. M. H.
Adolescents in the Lothian Region of Scotland, report of two dental health programmes for, 213

Bedi R., Lo E., King N. M. and Chan T.: The effect of pictorial criteria upon the reliability of assessments of cavity preparations, 222
Biofeedback and the mandibular rest position, 16
Biomechanics, *in vitro,* of lower molars with minimum Class II composite restorations, 130
Blair G. S.: *see* Meechan J. G.
Blinkhorn A. S., Wright C. and Yardley A.: Report of two dental health programmes for adolescents in the Lothian Region of Scotland, 213
Blinkhorn A. S.: *see* Kay E. J.
Blue light polymerizing sources, evaluation of the risk associated with the use of, 12
Book Reviews, 46, 88, 136, 137, 138, 212, 221, 224, 228, 229, 230
Butchart D. G. M. and Lloyd C. H.: The retention of self-threading pins embedded in visible light cured composites, 253

Calcium phosphate subperiosteal implants, two, the effects of, on the fracture strength of rat mandibular bone, 198
Candida albicans to acrylic *in vitro,* subsequent adherence of, the effect of adherent oral streptococci on, 73
Caries, plaque, gingivitis and pocketing, the effect of social class on the prevalence on, in 11–12-year-old children in South Wales, 185
Cavity preparations, reliability of assessments, the effect of pictorial criteria, 222
Cement lining, effect, upon the temperature rise during the curing of composite by visible light, 218
Ceramic crowns, all-, mechanical strength and microstructure of, 153
Chan T.: *see* Bedi R.
Chewing side preference and muscle quality in complete denture-wearing subjects, 23
Children in South Wales, 11–12-year-old, the effect of social class on the prevalence of caries, plaque, gingivitis and pocketing in, 185
Children, the use of the periodontal ligament injection in, 204
Cleanser, poly(acrylic acid), the effect of, on the adhesion of a glass polyalkenoate cement to enamel and dentine, 147
Combe E. C.: Dental materials: 1983 literature review Part 1, 93
Composite, curing of, by visible light, the effect of a cement lining upon the temperature rise during the, 218
Composite restorations, dentine-bonded posterior, microleakage of, 67
Composite restorations, minimum Class II, *in vitro* biomechanics of lower molars with, 130
Composites, visible light cured, the retention of self-threading pins embedded in, 253
Contact angles: a note, 82
Craig S.: *see* Davidson L.
Curing of composite by visible light, the effect of a cement lining upon the temperature rise during the, 218
Curing, *in vitro,* the effect on marginal leakage, a composite material at elevated temperature with or without marginal etching of the cavity, 171

Darvell B. W., Murray M. D. and Ladizesky N. H.: Contact angles: a note, 82
Davidson C. L.: *see* Krabbendam C. A.
Davidson C. L.: *see* Valk J. W. P.
Davidson L. and Craig S.: The use of the periodontal ligament injection in children, 204
Dental alloys, non-precious, in artificial saliva, corrosion rate studies: measurements of corrosion rates, 166
Dental hypersensitivity: the distribution of recession, sensitivity and plaque, 242
Dental materials: 1984–85 literature review Part 1, 47; Part 2, 93
Dental materials: 1986 literature review Part 1, 231
Dentine formation, tertiary, in dogs' teeth in response to lining materials, 85
Denture base polymers, some mechanical properties of, treated with an ultra-violet light activated coating material, 261
Denture bases: the effects of various treatments on clarity, strength and structure, 159
Denture-wearing subjects, complete, chewing side preference and muscle quality in, 23
Descaler, ultrasonic, inherent variability of the performance, 121
Devlin H., Wastell D. G., Duxbury A. J. and Grant A. A.: Chewing side preference and muscle quality in complete denture-wearing subjects, 23
Diagnostic procedure in human teeth, the feasibility of temperature measurement, 126

Duijsters P. P. E.: *see* Krabbendam C. A.
Dummer P. M. H., Addy M., Hicks R., Kingdon A. and Shaw W. C.: The effect of social class on the prevalence of caries, plaque, gingivitis and pocketing in 11–12-year-old children in South Wales, 185
Duxbury A. J.: *see* Devlin H.

Editorial, 1
Elderly population, dental health of, in North-west England: results of a survey undertaken in the Halton Health Authority, 139
Electropalatography, a dental appliance using, investigation of the accommodation of the tongue, 249
Extraction of various tooth types in Scotland, the reasons for, 30

Fanibunda K. B.: The feasibility of temperature measurement as a diagnostic procedure in human teeth, 126

CONTENTS OF VOLUME 15

Number 1

Editorial 1

Review

Guidelines on the use and presentation of statistical methods 2
D. G. Wastell

Original Research Reports

Symptoms of temporomandibular pain dysfunction in 400 patients: time to revise the classical profile? 6
P. S. Rothwell

Evaluation of the risk associated with the use of blue light polymerizing sources 12
H. Moseley, R. Strang and I. MacDonald

Biofeedback and the mandibular rest position 16
A. C. Watkinson

Chewing side preference and muscle quality in complete denture-wearing subjects 23
H. Devlin, D. G. Wastell, A. J. Duxbury and A. A. Grant

The assessment of restorations by dental students and their teachers 26
P. Thornton and G. J. Linden

The reasons for the extraction of various tooth types in Scotland 30
E. J. Kay and A. S. Blinkhorn

The rotor self-aspirating syringe—a laboratory investigation 34
J. G. Meechan, G. S. Blair and J. F. McCabe

Radiopacity vs. composition of some barium and strontium glass composites 38
D. C. Watts

International Abstracts 44

Book Reviews 46
